PROFESSIONAL SUMMARY

Educator and instructional designer with two-plus years of secondary teaching and a background in educational media and video production. Experienced in designing learning from needs analysis through objectives, instruction and assessment, and in building eLearning with Articulate Storyline and Rise. Currently designing in-app onboarding and performance support for Voxxy, an event platform for art show producers.

CORE COMPETENCIES

Instructional Design | Learning Experience Design | Curriculum Design | eLearning Development | Learning Technology | Educational Technology | Adult Learning | Differentiated Instruction | Accessibility & Inclusive Learning | LMS Administration | Multimedia Learning | AI-Assisted Learning Design

PROFESSIONAL EXPERIENCE

Instructional Designer (Customer Onboarding) | Voxxy, Remote | 10/2026 – Present

- Conducted a learning needs analysis of the producer event-creation workflow, auditing each step from event setup through applicant categories, booth fees, email sequences, and contact book invites.
- Developed a learner persona for art show producers and identified key pain points, including unclear applicant category definitions and error messaging that misstated setup requirements.
- Presented findings and recommendations to the primary stakeholder, proposing in-app guidance and a short help library over a practice event based on adult learner needs and time constraints.
- Designing contextual tooltips, a short event-creation walkthrough video, and a help library to support self-directed producer onboarding.

Life Skills Teacher | Saint Benedict's Preparatory School, Newark, NJ | 05/2025 – Present

- Designed from scratch and deliver a life skills curriculum covering financial literacy, executive functioning and independent living for approximately 100 students across four daily sections.
- Write measurable learning objectives and build aligned assessments and rubrics, then use grade and rubric data to adjust instruction and scaffolding.
- Create self-paced lessons, checklists, guides and worksheets that differentiate instruction and help students build skills through independent practice.

Freelance Video Editor | White Desk Media, Remote | 03/2025 – Present

- Edit podcasts, interviews, social content and long-form video for multiple clients, including a recurring series running for more than a year.
- Manage projects end to end, from scoping and raw footage through revisions and final delivery.
- Handle client communication, feedback rounds and invoicing, building repeat relationships through consistent, reliable delivery.

Media Literacy Teacher | Saint Benedict's Preparatory School, Newark, NJ | 05/2024 – 05/2025

- Designed a five-unit, semester-long media literacy curriculum from scratch, covering bias analysis, source evaluation and digital citizenship, and taught it to two separate student cohorts.
- Designed project-based assessments where students produced magazine articles, videos and podcasts, applying critical-thinking and media analysis skills to real-world formats.

Assistant Instructional Technology Specialist | Saint John's University, Collegeville, MN | 01/2024 – 07/2024

- Facilitated 50+ college class sessions training students and faculty on AI, media literacy and digital learning tools.
- Supported the design and production of approximately 35 video and multimedia learning projects for students and staff.
- Managed daily operations of the campus video studio and editing lab, including weekly livestreams and event production.

Educational Media Intern | The Politics Project, London, England | 11/2023 – 12/2023

- Supported 5 civic education workshops connecting students with UK political leaders, creating educational media and using event feedback to improve outreach.

Video Editor | Extending the Link, Collegeville, MN | 01/2022 – 04/2024

- Edited and produced 3 social justice documentaries in collaboration with a team of documentarians.

News Producer & Director | Johnnie Bennie Media, Collegeville, MN | 12/2021 – 05/2023

- Produced 2 weekly news programs and trained a team of 15 students in scriptwriting, lighting, teleprompter operation and directing.

Classroom & A/V Support Technician Student Supervisor | Saint John's University, Collegeville, MN | 08/2021 – 08/2022

- Recorded 30+ training sessions with subject matter experts and produced internal training videos on worksite safety, video conferencing and audio equipment, while supervising 2 student employees.

PROJECTS

Patient Privacy Rounds | Browser Game, SCORM

- Turned an 11-page clinic privacy policy into a 7-minute scenario-based game using action mapping, realistic distractors and in-character feedback.
- Packaged it for SCORM so an LMS can track completion, scores and which questions staff miss most.

Turning Shoppers into Cardholders | Articulate Storyline 360, Devlin.ai

- Built an AI-powered sales simulation where retail associates practice live customer conversations and objection handling, with scored feedback passed back into Storyline.

Smartphone Content Creation | Articulate Rise 360

- Designed a three-lesson, scenario-based Rise course using backward design and ADDIE to teach beginners camera settings, composition and audio.

EDUCATION

Bachelor of Arts in Educational Media | Saint John's University | 2024 | Minor in Computer Science

AWARDS

- Student Production Award, Short or Long Form Video Essay | National Academy of Television Arts & Sciences, Upper Midwest | 2025
